The directors present their report and audited financial statements of the Company for the year ended 31 July 2011

Principal activities

The Company's principal activity is to undertake building projects and to provide Design Build construction and development services. The company also operates the lease of the multi-storey car park at Addenbrooke's Hospital.

Business review

During the year under review the Board have accepted the following projects

Kettle's Yard – Phase 2

Sports Centre – Phase 1

Astrophysics – New Building

Projects reaching practical completion during the year were

University Library, West Bookstacks, Stage III – Phase 6

Sainsbury Laboratory (including re-provision works)

Engineering – Development of Space for New Initiatives

Chemistry – Refurbishment of South Basement

Veterinary Medicine – Student Resources Centre

Engineering – Aero Laboratory and Print Room

At 31 July 2011 the company had 4 projects in progress, and 4 projects in design. The contract value of these projects is in the region of £153m.

The lease of the multi storey car park at Addenbrooke's Hospital is ongoing.

Future developments

There have not been any significant changes in the company's principal activities in the year under review. The directors are not aware, at the date of this report, of any likely major changes in the company's activities in the next year.

Results and dividends

As shown in the profit and loss account on page 6 of the financial statements, the company's turnover has decreased from the prior year. Gross profit has also reduced as a result. This is as a direct result of the completion of the Sainsbury Laboratory and the change in the balance of large and small projects and their varying margins.

The balance sheet, on page 7 of the financial statements, shows that the company's financial position at the year end, in net assets terms, is consistent with the prior year. Net profit is gifted to the University of Cambridge, the company's parent, on an annual basis.

REPORT OF THE DIRECTORS (CONTINUED)

Financial risk management

The Company is a wholly owned subsidiary of the University of Cambridge. The Company's financial risk is low due to the nature of the business as the entity recoups income from the parent company as expenditure is incurred. The risk to the Company is therefore a shortage of funds from the parent undertaking. The objectives and policies that are in place to reduce the financial risk of the company is to choose projects that are low risk and to recoup expenditure from the parent undertaking on a timely basis. The measures taken by Lynxvale Limited mean that financial risks are devolved out of the Company.

Directors

There have not been any changes to the membership of the Board of Directors during the year. The directors who held office during the year and up to the date of signing the financial statements are given below.

Mr T T Gardner (Chairman)
Mr K Sykes
Mrs M B Gardiner
Mr K J Bradbury

Directors' responsibilities statement

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

LYNXVALE LIMITED

REPORT OF THE DIRECTORS (CONTINUED)

In accordance with Section 418, directors' reports shall include a statement, in the case of each director in office at the date the directors' report is approved, that

(a) so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware, and

(b) he has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the report of the directors to identify material inconsistencies with the audited financial statements. 1 Accounting policies

These financial statements have been prepared on a going concern basis, under the historical cost convention and in accordance with the Companies Act 2006 and applicable accounting standards. The principal accounting policies which the directors have adopted, and which have been applied consistently throughout the period, are set out below.

a) Turnover -

c) Long term contracts -

Construction costs in respect of long-term contracts are expensed as incurred, on an accruals basis. Where costs exceed income the sums are included under debtors as amounts recoverable on contracts.

d) Cash flow statement and related party disclosures

The company is a wholly-owned subsidiary of the University of Cambridge and is included in the consolidated financial statements of the University of Cambridge, which are publicly available. Consequently, the company has taken advantage of the exemption from preparing a cash flow statement under the terms of FRS 1 (revised 1996) 'Cash flow statements'. The company is also exempt under the terms of FRS 8 'Related party disclosures' from disclosing related party transactions with entities that are part of the University of Cambridge group.

e) Taxation -

No corporation tax is due as the company gifts all of its taxable profits to the University.

f) Leases -

Payments under operating leases are charged to the profit and loss account on a straight line basis as incurred.

g) Other operating income -

Other operating income relates to rental income and service charges for the sublease of a leased asset. Income is recognised on an accrual basis.
