5 Going Concern

The financial statements have been prepared on a going concern basis. In opinion of the directors this is appropriate because they have undertaken to continue to support the company. The directors' current accounts are interest free and unsecured, and the directors will not withdraw these funds in the forthcoming year. The company is also dependent on the continued support of the bank. The directors have undertaken to introduce further funds if the need arises.

The directors expect, therefore that the company will be able to meet its liabilities as they fall due.

If the company was unable to continue trading, adjustments would have to be made to reduce the value of the assets to their recoverable amount, to provide for any further liabilities which might arise, and to reclassify fixed assets and long term liabilities as current assets and liabilities.
