The financial statements were approved by the Board of Directors and authorised for issue on 6 March 2026 and were signed on its behalf by:

Mr R F Staveley - Director

Notes to the Financial Statements
for the Year Ended 31 March 2025

1. STATUTORY INFORMATION

R.F. Staveley Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold land	- is not depreciated
Freehold buildings	- 15% on reducing balance
Plant and machinery	- 25% on reducing balance
Vehicles	- 25% on reducing balance

Freehold land is recognised at deemed cost this being the fair value at 31st March 2017, adopted on transition to FRS102.

Stocks

Livestock is valued at the lower of market value or actual costs and standard costing calculations prepared by CAAV. Fuels, feeds, hay and straw are valued at the lower of cost or net realisable value.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Notes to the Financial Statements - continued
for the Year Ended 31 March 2025

2. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Impairment

At each reporting date, fixed assets, including tangible fixed assets, are assessed to determine whether there is an indication that the carrying amount of an asset may be more than its recoverable amount and that the asset should be impaired. If there is an indication of possible impairment, the recoverable amount of an asset, which is the higher of its value in use and its net realisable value, is estimated and compared with its carrying amount. If the recoverable amount is lower, the carrying amount of the asset is written down to its estimated recoverable amount and an impairment loss is recognised in profit and loss.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 11 (2024 - 12) .
