AUDITORS' REPORT ON ABBREVIATED FINANCIAL STATEMENTS
(continued)

Auditors' report to the directors of
Lemon Steel Services Limited

pursuant to paragraph 24 of Schedule 8
to the Companies Act 1985

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error or other irregularity. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31st March 1995 and of its profit for the year then ended and have been properly prepared in accordance with the provisions of the Companies Act 1985 applicable to small companies.'

NOTES ON ABBREVIATED FINANCIAL STATEMENTS

31st March 1995

1 Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost accounting rules.

The company has taken advantage of the exemption from preparing a cash flow statement conferred by Financial Reporting Standard No. 1 on the grounds that it is entitled to the exemptions available in Section 246 to 247 of the Companies Act 1985 for small companies.

Depreciation

Depreciation of fixed assets is calculated to write off their cost or valuation less any residual value over their estimated useful lives as follows:

Freehold land	nil
Freehold buildings	nil
Plant and machinery	15% p.a. (reducing balance method)
Motor vehicles	15% p.a. (reducing balance method)

The company's freehold property is regularly maintained by the company. As a result the directors are of the opinion that the residual value of the freehold property is not materially different to its original cost and hence any charge to depreciation would be immaterial.

Leases and hire purchase contracts

Tangible fixed assets acquired under finance leases and hire purchase contracts are capitalised at the estimated fair value at the date of inception of each lease or contract. The total finance charges are allocated over the period of the lease in such a way as to give a reasonably constant charge on the outstanding liability.

Rentals paid under operating leases are charged to income as incurred.

Stocks and work in progress

Stocks are valued at the lower of cost and net realisable value. Cost is computed on a first in first out basis. Net realisable value is based on estimated selling price less the estimated cost of disposal.

Pension costs

Pension costs are charged to the profit and loss account in the year in which they fall due, in respect of contributions under a self administered defined contribution scheme.
