NOTES ON ABBREVIATED FINANCIAL STATEMENTS

31st March 1999

1 Accounting policies**Basis of accounting**

The financial statements have been prepared under the historical cost accounting rules.

The company has taken advantage of the exemption from preparing a cash flow statement as conferred by Financial Reporting Standard No. 1 (Revised 1996) on the grounds that it qualifies as a small company under the Companies Act 1985.

Turnover

Turnover represents the amount derived from the provision of goods and services falling within the company's activities after deduction of trade discounts and value added tax.

Depreciation

Depreciation of fixed assets is calculated to write off their cost or valuation less any residual value over their estimated useful lives as follows:

Plant and machinery	15% p.a. (reducing balance method)
Motor vehicles	25% p.a. (reducing balance method)
Office equipment	15% p.a. (reducing balance method)

Leases and hire purchase contracts

Tangible fixed assets acquired under finance leases and hire purchase contracts are capitalised at the estimated fair value at the date of inception of each lease or contract. The total finance charges are allocated over the period of the lease in such a way as to give a reasonably constant charge on the outstanding liability.

Rentals paid under operating leases are charged to income as incurred.

Stocks and work in progress

Stocks are valued at the lower of cost and net realisable value. Cost is computed on a first in first out basis.

The cost of work in progress and finished goods includes all production overheads and depreciation and the attributable proportion of indirect overheads based on the normal level of activity.

Net realisable value is based on estimated selling price less the estimated cost of disposal.

Deferred taxation

Deferred taxation is provided on the liability method in respect of the taxation effect of all timing differences to the extent that tax liabilities are likely to crystallise in the foreseeable future.

Pensions**Defined contribution scheme**

Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.
