NOTES TO THE ABBREVIATED ACCOUNTS

Year ended 31 December 2003

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention.

Cash flow statement

The directors have taken advantage of the exemption in Financial Reporting Standard No 1 (Revised 1996) from including a cash flow statement in the financial statements on the grounds that the company is small.

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Plant and Equipment	- General	10% reducing balance
	- Computers	25% of cost
Motor vehicles	- as required to reduce the book value to its net realisable price as shown in Glass's Guide.	

Stocks

Stock has been valued at the lower of cost and net realisable value.

The directors consider that new vehicles held under consignment agreements are not in substance an asset of the company and therefore are not included in the balance sheet until the transfer of title has crystallised.

Work in progress

Work in progress has been valued at the cost to the company of the direct expenses incurred in that work in progress, less a provision for any foreseeable losses where appropriate. No element of profit is included in the valuation of work in progress.

Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

1. ACCOUNTING POLICIES *(continued)*

Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Pension costs

The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold;

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Parkside (Barnstaple) Limited purchases and sells motor parts between the above companies as well as occasional vehicles. It is not practical to disclose the exact level of these transactions, although in the directors opinion the profit effect is not material to the overall results of the company.

An interest offset agreement exists on the bank balances of County Garage (Barnstaple) Limited, Parkside (Barnstaple) Limited, Diesel Electric (North Devon) Limited and Squires Garages (Barnstaple) Limited.
