NOTES TO THE ACCOUNTS
31ST MARCH 1998

1. ACCOUNTING POLICIES

Basis of accounting

The accounts have been prepared under historical cost convention.

Turnover

Turnover represents net invoiced sales and services excluding VAT.

Tangible fixed assets

Depreciation is provided, after taking account of any grants receivable, at the following annual rates in order to write off each asset over its estimated useful life:

Plant	-	20%	on cost
Motor Vehicles	-	20%	on cost
Equipment	-	10%	on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Deferred taxation

Provision is made at current rates for taxation deferred in respect of all material timing differences only to the extent that, in the opinion of the directors, there is reasonable probability that the liability will arise in the foreseeable future. No such provision has been made in these accounts.

Operating leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profit as incurred.
