STATEMENT OF DIRECTORS' RESPONSIBILITIES
Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

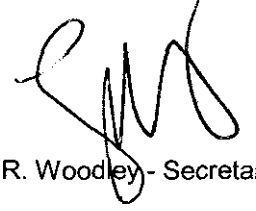

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

AUDITORS
The auditors, Wilkins Kennedy, will be proposed for re-appointment in accordance with Section 385 of the Companies Act 1985.

This report has been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies.

ON BEHALF OF THE BOARD:

J.R. Woodley - Secretary

24 November 2006

REPORT OF THE INDEPENDENT AUDITORS TO THE SHAREHOLDERS OF RAANS ESTATES LIMITED

We have audited the financial statements of Raans Estates Limited for the year ended 31 December 2003 on pages four to nine. These financial statements have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002), under the historical cost convention and the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors
As described on page two the company's directors are responsible for the preparation of financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Report of the Directors is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

We read the Report of the Directors and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion
We conducted our audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Qualified opinion arising from disagreement about accounting treatment
As explained in note 1, investment properties are included in the balance sheet at historical cost. This is not in accordance with Statement of Accounting Practice No.19 which requires investment properties to be included at open market value on the balance sheet date. We are unable to quantify the effect of this departure which understates the value of investment properties and revaluation reserve in the balance sheet. Except for the accounting treatment of investment properties, in our opinion the financial statements give a true and fair view of the state of the company's affairs as at 31st December 2003 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

The notes form part of these financial statements

1. ACCOUNTING POLICIES

Accounting convention
The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

Turnover
Turnover is the total amount receivable by the company for rents and service charges, net of value added tax.

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 25% on reducing balance

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Investment Properties
Investment properties are included in the balance sheet at cost. This is not in accordance with Statement of Standard Accounting Practice No.19 which requires investment properties to be disclosed at open market value at the Balance Sheet date. The directors were unable to quantify the open market value of the investment properties or the financial effects of such a policy. As required under Statement of Standard Accounting Practice No.19 Investment Properties are not depreciated.

This policy represents a departure from statutory accounting principles, which require depreciation to be provided on all fixed assets. The directors consider that this policy is necessary in order that the Financial Statements may give a true and fair view because current values and changes in current values are of prime importance rather than the calculation of systematic annual depreciation.

Depreciation is only one of many factors reflected in the valuation and the amount which might otherwise have been shown and cannot be separately identified or quantified.

2. OPERATING PROFIT

The operating profit is stated after charging:

	2003	2002
