Depreciation

	% Rate per Annum
Plant & Machinery	15%

Stock and Work in Progress

Stock and Work in Progress are stated at the lower of cost and net realisable value.

Cost represents all expenditure incurred in bringing Stock and Work in Progress to its condition and location at the accounting date.

Net realisable value is based on estimated selling prices less further costs expected to be incurred to completion and disposal.

Provision is made for deferred taxation arising from the allocation of items to different periods for taxation and for accounting purposes. The provision is established in full at the rate of Corporation Tax anticipated to be in force at the time when the liability will crystallise.
