Report of the independent auditors

Independent auditors' report to BSY Limited under section 247B of the Companies Act 1985

We have examined the abbreviated financial statements of BSY Limited on pages 2 to 5 together with the financial statements of the company for the year ended 31 December 2001 prepared under section 226 of the Companies Act 1985.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the abbreviated financial statements in accordance with section 246 of the Companies Act 1985. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated financial statements prepared in accordance with sections 246(5) and (6) of the Act to the Registrar of Companies and whether the financial statements to be delivered are properly prepared in accordance with those provisions and to report our opinion to you.

Basis of opinion

We have carried out the procedures we consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated financial statements and that the abbreviated financial statements to be delivered are properly prepared. The scope of our work for the purpose of this report did not include examining or dealing with events after the date of our report on the full financial statements.

Opinion

In our opinion the company is entitled to deliver abbreviated financial statements prepared in accordance with sections 246(5) and (6) of the Companies Act 1985 and the abbreviated financial statements on pages 2 to 5 are properly prepared in accordance with those provisions.

Equity shareholders' funds			**50,000**		3,731

These financial statements have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies.

The financial statements were approved by the Board on 30/10/02

P P Laniado
Director

The notes on pages 3 to 5 form part of these financial statements.

1 Accounting policies

The financial statements have been prepared under the historical cost convention. The following principal accounting policies have been applied:

Cash flow statement

The company has taken advantage of the exemption conferred by Financial Reporting Standard 1 'Cash Flow Statements (Revised 1996)' not to prepare a cash flow statement on the grounds that the directors believe the company is "small" under the Companies Act 1985.

Goodwill

Goodwill arising on an acquisition of a trade is the difference between the fair value of the consideration paid and the fair value of the assets and liabilities acquired. Positive goodwill is capitalised and amortised through the profit and loss account over the directors' estimate of its useful economic life of 10 years. Impairment tests on the carrying value of goodwill are undertaken:

- at the end of the first full financial year following acquisition;
- in other periods if events or changes in circumstances indicate that the carrying value may not be recoverable.

Turnover

Turnover represents sales to external customers at invoiced amounts less value added tax or local taxes on sales.

Depreciation

Depreciation is provided to write off the cost or valuation, less estimated residual values, of all tangible fixed assets, except for investment properties, freehold land and certain buildings, evenly over their expected useful lives. It is calculated at the following rates:

Plant and machinery - 25% straight line

Stocks

Stocks are valued at the lower of cost and net realisable value.

Deferred taxation

Following the adoption of FRS 19, deferred tax is recognised in respect of all material timing differences that have originated but not reversed by the balance sheet date except for deferred tax assets which are not recognised to the extent that the transfer of economic benefit in future is uncertain. Deferred tax assets and liabilities are not discounted.

Previously, deferred tax was recognised to the extent that it was probable that an asset or liability would crystallise. The change in accounting policy has not resulted in any prior year adjustment.

1 Accounting policies *(Continued)*

Leased assets

Where assets are financed by leasing agreements that give rights approximating to ownership (finance leases), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable over the term of the lease. The corresponding leasing commitments are shown as amounts payable to the lessor. Depreciation on the relevant assets is charged to the profit and loss account.

Lease payments are analysed between capital and interest components. The interest element of the payment is charged to the profit and loss account over the period of the lease and is calculated so that it represents a constant proportion of the balances of capital repayments outstanding. The capital element reduces the amounts payable to the lessor.

All other leases are treated as operating leases. Their annual rentals are charged to the profit and loss account on a straight line basis over the term of the lease.
