Directors' report for the year ended 31 January 2012

The directors present their annual report and the audited financial statements of the company for the year ended 31 January 2012

Principal activities

The principal activities of the company are those of buying and selling caravans, holiday homes and operating holiday parks

Business review

The directors consider the following to be key performance indicators ("KPIs") (i) turnover, (ii) operating profit, (iii) EBITDA, and (iv) the ratio of debt to fixed assets. These measures can be derived from the enclosed financial statements. Operating profit before exceptional items for the year was £1,540,363 (2011 £2,225,344). The directors consider this to be an exceptional performance in a market place which remains challenging for the sale of high value discretionary purchases such as holiday homes.

The group continues to remain cash generative at an operating level but has been unable to meet its interest commitments in full, partly due to an interest rate swap that expired in November 2011. Despite this the bank has continued to support the group during the period.

On 1 July 2011, responsibility for the management of the loan has transferred to the Irish Banking Resolution Corporation Limited ("IRBC") for the benefit of and/or at the discretion of the National Asset Management Agency Ireland ("NAMA"), an independent commercial entity under the Irish Government's National Treasury Management Agency.

In May 2012, a new three year term facility, with a reduced rate of interest, was signed by the directors. The repayment date for this new facility is 31 December 2014. These financial statements have been prepared on a going concern basis, which the directors consider to be appropriate on the basis that the parent company, White Ocean Leisure Limited, will be able to meet its interest commitments in full under this new agreement.

Looking forward the directors' emphasis will remain on growing stakeholder value, investing for growth and improving the resilience and visibility and as such the overall quality of the business.

Results and dividends

The profit after tax for the year is £1,582,586 (2011 loss £1,083,251). No dividend (2011 £nil) was paid during the course of the financial year.

Directors

The directors who held office during the year were as follows:

Principal risks and uncertainties

White Ocean Leisure Limited considers good risk management fundamental to achieving its business objectives and adding value. The management of the business and the execution of the group's strategy are subject to a number of risks. The key business risks and uncertainties affecting the group are considered below.

- The impact of the economic downturn continues to drive demand for value from customers. Challenges to household disposable income, competitor pricing positions and product costs can affect the performance of the Group in terms of both sales and costs.

Management focus continues on delivering our holiday parks to the highest possible standard. This is achieved through a rolling programme of financial investment in new pitch development together with the continued upgrade of existing facilities. While external cost pressures including holiday home costs and utility costs affect our business, the Group continues to work hard to mitigate the impact of these cost pressures on our profitability through the delivery of cost savings.

- The Group is reliant on its IT systems and operational infrastructure in order to trade efficiently. A failure in these systems could have a significant impact on our business.

The Group has extensive controls in place to maintain the integrity and efficiency of its systems including detailed recovery plans in the event of a significant failure.

Financial risk management

The directors have not delegated the responsibility of monitoring financial risk management to a sub-committee of the board. The policies set out by the board of directors are implemented by the company's finance department. The department has procedures in place to manage interest rate risk and credit risk without the use of financial instruments.

The directors have examined the major financial business and operational risks that the company faces and have identified interest rate risk and credit risk as the major financial risks. The company has implemented policies that require appropriate credit checks on potential and existing customers before sales are made. The balances outstanding and owing to the Company by all debtors are under constant monitoring.

South Lakeland Parks Limited

Statement of directors' responsibilities

The directors are responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement of disclosure of information to auditors

In accordance with Section 418, in the case of each director in office at the date the directors' report is approved, that

(a) so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware, and

(b) he has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Independent auditors

A resolution to reappoint PricewaterhouseCoopers LLP as auditors to the company will be proposed at the Annual General Meeting.

On behalf of the Board

South Lakeland Parks Limited

Independent auditors' report to the members of South Lakeland Parks Limited

We have audited the financial statements of South Lakeland Parks Limited for the year ended 31 January 2012 which comprise the profit and loss account, the statement of total recognised gains and losses, the balance sheet and related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of directors and auditors

As explained more fully in the statement of directors' responsibilities set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Directors' Report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 January 2012 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

South Lakeland Parks Limited

Independent auditors' report to the members of South Lakeland Parks Limited

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

South Lakeland Parks Limited

Notes to the financial statements
for the year ended 31 January 2012

1 Accounting policies

These financial statements have been prepared on a going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. A summary of the significant accounting policies of the company are set out below. These have been applied consistently.

Basis of preparation

These financial statements have been prepared on a going concern basis. The group and company are reliant on funding in the form of a £131,500,000 term loan obtained from Irish Nationwide Building Society. The loan was a four year term facility which ended on 30 November 2011 with quarterly interest payments but no capital repayments during the term.

The group continues to remain cash generative at an operating level but has been unable to meet its interest commitments in full, partly due to an interest rate swap that expired in November 2011. Despite this the bank has continued to support the group during the period.

On 1 July 2011, responsibility for the management of the loan has transferred to the Irish Banking Resolution Corporation Limited ("IRBC") for the benefit of and/or at the discretion of the National Asset Management Agency Ireland ("NAMA"), an independent commercial entity under the Irish Government's National Treasury Management Agency.

In May 2012, a new three year term facility, with a reduced rate of interest, was signed by the directors. The repayment date for this new facility is 31 December 2014.

The company has taken advantage of the exemption from preparing consolidated financial statements afforded by Section 400 of the Companies Act 2006 because it is a wholly owned subsidiary of White Ocean Leisure Limited and is included in the consolidated financial statements which are publically available.

for the year ended 31 January 2012 (continued)

1 Accounting policies (continued)

Turnover

Turnover represents the amounts (excluding value added tax) derived from the sale of caravans and holiday homes and operation of holiday parks. Turnover is recognised at the point at which the risks and rewards associated with ownership or performing a service have been transferred. The group's turnover is attributable to its one class of business and one geographical market, the United Kingdom.

Tangible fixed assets and depreciation

Land and buildings are shown at valuation as set out in note 7. Freehold land and buildings are revalued at least every five years on a rolling basis and are stated at the latest valuation less accumulated depreciation.

Other fixed assets are shown at cost. Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use. Depreciation is provided to write off the cost less the estimated residual value of tangible fixed assets by instalments over their estimated useful economic lives as follows:

Freehold properties	-	50 years, straight line
Leasehold properties	-	Over period of lease
Freehold Land	-	No depreciation is provided on freehold land
Lodges	-	6% per annum, reducing balance
Hire fleet	-	straight line basis to their residual value over 10 years
Motor vehicles	-	25% per annum, reducing balance
Fixtures and fittings, IT Software	-	25% per annum, reducing balance
IT Equipment	-	25% straight line

Leases

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a 'finance lease'. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated over its estimated useful life or the term of the lease, whichever is shorter. Future instalments under such leases, net of finance charges, are included within creditors. Rentals payable are apportioned between the finance element, which is charged to the profit and loss account, and the capital element which reduces the outstanding obligation for future instalments.

All other leases are accounted for as 'operating leases' and the rental charges are charged to the profit and loss account on a straight line basis over the life of the lease.

Stocks

Stocks are stated at the lower of cost and net realisable value. Provisions are made to reduce stock to the directors' best estimate of net realisable value.

Current taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

South Lakeland Parks Limited

Notes to the financial statements

for the year ended 31 January 2012 (continued)

1 Accounting policies (continued)

Deferred taxation

Deferred taxation is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets and liabilities are not discounted.

Related party transactions

The directors have taken advantage of FRS 8 and have not included transactions with entities that are part of the White Ocean Leisure Limited group.

Investments

Fixed asset investments are stated at cost less any provision required to reflect a diminution in value.

Cash flow statement

The directors have taken advantage of the exemption from preparing a cash flow statement under the terms of FRS 1 (Revised 1996) on the grounds that a group cash flow statement is included in the financial statements of White Ocean Leisure Limited.

Factors that may affect future tax charges

The Finance Act 2011 was substantively enacted on 29 March 2011 and included legislation to reduce the main rate of corporation tax from 28% to 26% from 1 April 2011. A further reduction to 25% from 1 April 2012 was substantively enacted by subsequent legislation on 5 July 2011. The deferred tax liability at 31 January 2012 has been re-measured accordingly.

Further reductions to the UK corporation tax rate were announced in the 2011 Budget on 23 March 2011, which proposed to reduce the rate by 1% per annum to 23% by 1 April 2014. However, a further announcement was made in the 2012 Budget on 21 March 2012, which resulted in the rate reducing to 24% from 1 April 2012, with further 1% reductions per annum to 22% by 1 April 2014. The changes had not been substantively enacted at the balance sheet date and therefore are not recognised in these financial statements. The impact of the proposed changes is not expected to be material to the balance sheet.
