The director considers that the company is entitled to exemption from the requirement to have an audit under the provisions of Section 249 A(1) of the Companies Act 1985. Shareholders holding 10% or more of the company's share capital have not issued a notice requiring the audit. The director acknowledges his responsibility for ensuring that the company keeps accounting records which comply with Section 221 of the Companies Act 1985, and for preparing financial statements which give a true and fair view of the state of affairs of the company as at 30 June 2002 and of its profit for the year in accordance with the requirements of Section 226, and which otherwise comply with the requirements of the Companies Act relating to the financial statements so far as applicable to the company.

In preparing these abbreviated accounts, advantage has been taken of exemptions conferred by Section A of Part 3 of the Schedule 8 of the Companies Act 1985, and we have done so on the ground that the company is entitled to the benefit of those exemptions as a small company.

These financial statements were approved on behalf of the board on 21 January 2003.

NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 30 JUNE 2002

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

Turnover

Turnover represents the invoiced value of sales excluding Value Added Tax.

Stock

Stock has been valued at the lower of cost and net realisable value.

Tangible Fixed assets

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at the following rates in order to write off the cost of each asset over its estimated useful life:-

Fixtures, fittings and equipment	- 25% straight line
----------------------------------	---------------------

Amortisation is only provided in respect of leasehold property with unexpired term of less than fifty years.

Goodwill

Goodwill paid has been stated at cost and it is amortised over 20 years on a straight line basis.

Investments

Investments are valued at cost unless, in the opinion of the director, there is a permanent diminution in value.

Taxation

Corporation tax payable is provided on taxable profit at the current rate.

Deferred taxation (which arises from differences in the timing of the recognition of items, in the financial statements and by the tax authorities) has been calculated using the liability method. Deferred tax is provided on timing differences, which will probably reverse at the rates of tax likely to be in force at the time of reversal. Deferred tax is not provided on timing differences which, in the opinion of the director, will probably not reverse. However, the amounts of all deferred tax, including that which will probably not reverse, is shown in the notes to the financial statements where material.
