NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2003

1. ACCOUNTING POLICIES

Accounting convention

The accounts are prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002) and the accounting policies adopted below.

(a) Turnover

Turnover represents amounts invoiced to third parties, and arises from the principal continuing activity of the company.

(b) Tangible fixed assets and depreciation

Fixed assets are recorded at cost, less depreciation.

Depreciation is provided at rates calculated to write off the cost, less estimated residual value over the expected useful life of each asset:

Plant and machinery

50% straight line

(c) Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.
