NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 JULY 2002

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Land and buildings Freehold	Nil
Furniture and fittings	10% on cost

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002), it is a departure from the general requirement of the Companies Act 1985 for all tangible assets to be depreciated. In the opinion of the director compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.
