The directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of section 477 of the Companies Act 2006 ("the Act") and members have not required the company to obtain an audit for the year in question in accordance with section 476 of the Act

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and for preparing financial statements which give a true and fair view of the state of affairs of the company as at 31 December 2012 and of its profit for the year in accordance with the requirements of sections 394 and 395 of the Act and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company

**ABBREVIATED BALANCE SHEET (continued)
AS AT 31 DECEMBER 2012**

The abbreviated accounts, which have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006, were approved and authorised for issue by the board and were signed on its behalf on 16/9/13

P L Wicks
Director

The notes on pages 3 to 6 form part of these financial statements

AUTOMOTIVE ENVIRONMENTAL SERVICES LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2012

1. ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention as modified by the revaluation of investment properties and freehold properties and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2 Cash flow

The financial statements do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.3 Turnover

Turnover comprises revenue recognised by the company in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts

1.4 Investments

Investments held as fixed assets are shown at cost less provision for impairment

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following annual bases

Plant and machinery	-	20% straight line
---------------------	---	-------------------

1.6 Lease of assets

The company receives rental income on assets held for use in operating leases. It recognises the rental income on a straight line basis and accounts for costs over the life of the lease

1.7 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets in the financial statements

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse

Deferred tax assets and liabilities are not discounted

1 ACCOUNTING POLICIES (continued)

1.8 Investment properties

Investment properties are valued annually at open market value. As these properties are held for investment purposes, not consumption, depreciation is not considered to be relevant.

The treatment is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). This treatment is a departure from the Companies Act 2006, but is necessary in order for the financial statements to give a true and fair view. It would not be practical to quantify the depreciation which might otherwise have been charged.
