NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31ST JULY 2000

1 Accounting policies

Basis of accounting

The accounts have been prepared under the historical cost convention and in accordance with applicable accounting standards.

The company has taken advantage of the exemptions in Financial Reporting Standard No. 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

Turnover

Turnover comprises the value of sales excluding value added tax and trade discounts.

Tangible fixed assets and depreciation

Depreciation is calculated to write down the cost or valuation less estimated residual value of all tangible fixed assets other than freehold land by reducing balance method. The rates and periods generally applicable are:

Fixtures and fittings	25%
-----------------------	-----

Stocks

Stocks are stated at the lower of cost and net realisable value.

Deferred taxation

Provision is made for deferred taxation using the liability method to take account of timing differences between the incidence of income and expenditure for taxation and accounting purposes except to the extent that the directors consider that a liability to taxation is unlikely to crystallise.

Contribution to pension funds

The company operates a defined contribution pension scheme. The amount charged to the profit and loss account in respect of pension costs is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.
