Notes to the abbreviated accounts

For the year ending 31 March 2012

1 Accounting policies

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008. The accounts have been prepared on the going concern basis. This basis may not be appropriate because, as at 31 March 2012, the company's current liabilities exceeded its current assets by £9,736. If all creditors demand immediate payment, the company might not be able to continue to trade. The Directors believe the going concern basis is appropriate because they have indicated that they will continue to support the company's working capital requirements.
