- a. For the year ending 30 April 2016 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.
- b. The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- c. The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- d. These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the board on 01 September 2016

And signed on their behalf by:

Mr C Kay, Director

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1068 of the Companies Act 2006.

Notes to the Abbreviated Accounts

For the year ending 30 April 2016

1 Accounting policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover is derived from ordinary activities and represents the invoiced value of services supplied during the year.

Goodwill

Purchased goodwill is capitalised as an intangible fixed asset and amortised through the profit and loss account on a straight line basis over a period of 5 years which is considered by management to be a fair reflection of its useful economic life.

Depreciation

The directors consider that the freehold properties are maintained in such a state of repair that their residual value is not materially different to their carrying amount. As a result, no depreciation charge is made in the accounts on the grounds that it would be immaterial. The directors perform annual impairment reviews to ensure that the carrying amount is not lower than the net realisable value.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Pension costs

The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account.

Fixed Assets

All fixed assets are initially recorded at cost.

Financial Instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

Investments

Investments are stated at cost less any provision for permanent diminution in value.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant & Machinery	20% 20% Reducing balance
Fixtures & Fittings	20% 20% Reducing balance
Computer equipment	50% 50% Reducing balance

2 Fixed Assets
