Bowketts Off Licence Limited
Notes to the financial statements
for the year ended 31st March 2006

1. Accounting Policies

1.1 Basis of preparation of accounts

The financial statements are prepared under the historical cost convention and incorporate the results of the principal activity which is described in the directors report and which is continuing.

The company has taken advantage of the exemption in FRS 1 from the requirement to prepare a cash flow statement on the grounds that it is a small company.

1.2 Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation.

Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Fixtures & Fittings	6% reducing balance basis
Motor Vehicles	25% reducing balance basis

1.4 Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets and depreciated over the shorter of the lease terms and their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.5 Operating leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to profit and loss account as incurred.

1.6 Deferred taxation

Provision is made for taxation deferred as a result of material timing differences between the incidence of income and expenditure for taxation and accounts purposes, using the liability method, only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise in the near future.
