NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 JULY 2003

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

1.2 Turnover

Turnover represents rent receivable during the year arising entirely in the United Kingdom.

1.3 Tangible fixed assets and depreciation

Investment properties are revalued annually and the aggregate surplus or deficit is transferred to a revaluation reserve. No depreciation or amortisation is provided in respect of freehold investment properties and leasehold investment properties with over 20 years to expiry. The director considers that this accounting policy results in the financial statements giving a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount and the amount which might otherwise have been shown cannot be separately identified or quantified.

1.4 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the director, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.
