STATEMENT OF DIRECTORS' RESPONSIBILITIES

The purpose of this statement is to distinguish the directors' responsibility for the accounts from those of the auditors as stated in their report.

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the Company's state of affairs at the end of the year and of its profit or loss for that period. In preparing those accounts the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the accounts;
- prepare the accounts on the going concern basis unless it is inappropriate to assume that the Company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud or other irregularities.
