ACTION BUILDING AND ELECTRICAL SUPPLIES LIMITED
NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 31ST DECEMBER 2003

1. ACCOUNTING POLICIES

A summary of the principal accounting policies, all of which have been applied consistently throughout the period, is set out below.

Basis of accounting

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

Tangible fixed assets

Fixed assets are shown at cost less accumulated depreciation. Depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a straight-line basis over its expected useful life as follows:

Motor vehicles	5 years
Office equipment	5 years
Furniture and fittings	5 years

Deferred taxation

Deferred taxation is provided on all material liabilities arising or timing differences. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered.

Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving stocks.

Pension costs

Contributions in respect of a money purchase pension scheme are charged to the profit and loss account in the year which they are payable to the scheme.
