Notes to the Abbreviated Accounts for the year ended 31 March 2015

1. Accounting policies

Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

Having considered a period of twelve months from the date of approval of the financial statements, the directors are confident that current and future sources of funding and support are more than adequate for the company's needs. Therefore, the financial statements have been prepared on a going concern basis.

Turnover

Turnover represents amounts receivable for architectural and interior design services net of VAT. Turnover is recognised on the provision of those services.

Pension costs

Defined contribution

The company operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the company in an independently administered fund.

Long term contracts

Amounts recoverable on long term contracts, which are included in debtors, are stated at the net sales value of the work done after provision for contingencies and anticipated future losses on contracts, less amounts received as progress payments on account. Excess progress payments are included in creditors as payments on account.

2. Called up share capital

Allotted, issued and fully paid:

500	Ordinary B	£1	500	500
			<u>2,500</u>	<u>2,000</u>

On 1 April 2014, 500 Ordinary B shares of £1 each were redesignated 500 Ordinary A shares of £1 each.

On 1 October 2014, 500 Ordinary B shares of £1 were issued for cash at par.

Ordinary 'A' and Ordinary 'B' shares rank parri passu except that the Ordinary 'B' shares bear no entitlement to receive notice of, or attend, any general meetings of the shareholders, nor entitlement to vote at any general meeting of the company, nor entitlement to any capital on the dissolution or sale of the company.

3. Ultimate controlling party

The ultimate controlling parties are the directors, each owning 25% of the issued share capital.
