The director is satisfied that the company is entitled to exemption under Section 249A(1) of the Companies Act 1985 and that no member or members have requested an audit pursuant to section 249B(2) of the Act.

The director acknowledges her responsibilities for:

- (i) ensuring that the company keeps proper accounting records which comply with Section 221 of the Companies Act 1985; and
- (ii) preparing accounts which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of Section 226 of the Companies Act 1985, and which otherwise comply with the requirements of this Act relating to accounts, so far as applicable to the company.

The accounts have been prepared in accordance with the special provisions relating to small companies within Part VII of the Companies Act 1985.

Notes to the Abbreviated Accounts
for the year ended 30 June 2005

1 Accounting policies

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

Turnover

Turnover represents the invoiced value of goods and services supplied by the company, net of value added tax and trade discounts.

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Shop fixtures and fittings	20% straight line
----------------------------	-------------------

Stocks

Stock is valued at the lower of cost and net realisable value.

Deferred taxation

In view of the losses for corporation tax available for relief against future profits of £267000 the Director does not consider a provision for deferred taxation necessary.

Going concern

The accounts disclose net liabilities of £273100 at 30 June 2005. Notwithstanding this position the accounts have been prepared on a going concern basis. It is anticipated that the financial support of Mrs E Anne Winter Morris upon which the company is dependent will continue. Should that support be withdrawn the company would be unable to continue to trade and adjustments would have to be made to reduce the value of the assets to their recoverable amounts and to provide for any further liabilities that may arise.
