The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 August 2016.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 August 2016 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the Board of Directors on 24 March 2017 and were signed on its behalf by:

M Calcott - Director

Notes to the Abbreviated Accounts
for the year ended 31 August 2016

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represents sales to external customers at invoiced amounts less value added tax, except in respect of service contracts where turnover is recognised when the company obtains the right to consideration. Turnover relating to long term contracts is based on the value of work carried out in the year.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Plant and machinery etc - 33% on cost and 25% on reducing balance

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Amounts recoverable on long term contracts

Long term contracts comprise contracts of expected duration in excess of one year, and in accordance with Statement of Standard Accounting Practice No.9(revised), material contracts of shorter duration straddling the balance sheet date. Attributable profit is taken with regard to the expected final profitability of the contracts and the proportion of each contract completed at the year end. The degree of completion at the balance sheet date is based on the costs incurred to date as compared to the expected final costs of each contract.
