Notes to the Abbreviated Accounts

Year Ended 28 February 2005

1. Accounting Policies

Basis of Accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year.

Fixed Assets

All fixed assets are initially recorded at cost.

Operating Lease Agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Going Concern

The financial statements have been prepared under the going concern basis, which is only appropriate if the company is able to continue trading. The director believes that the company will be able to continue trading. Should the company be unable to continue trading, adjustments would have to be made to reduce the value of assets to their recoverable amount and to provide for any further liabilities which might arise.
