Notes to the Abbreviated Accounts
for the year ended 28 February 2015

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Office equipment	- 10% on reducing balance
Computer equipment	- 25% on cost

As explained below no depreciation is provided on investment property.

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

No depreciation is provided in respect of investment property, in compliance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

This is a departure from the Companies Act 2006 necessary to give a true and fair view. Depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
