Notes to the abbreviated financial statements for the year ended 30 June 2016

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.2. Turnover

Turnover comprises the value of sales (excluding VAT, similar taxes and trade discounts) of goods and services provided in the normal course of business.

Turnover in respect of service contracts is recognised when the company obtains the right to receive consideration for the services provided.

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Leasehold properties	-	Straight line over the life of the lease
Plant and machinery	-	Straight line over 6 years
Fixtures, fittings and equipment	-	25% straight line
Motor vehicles	-	25% straight line

1.4. Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

1.5. Stock

Stock is valued at the lower of cost and net realisable value. Cost is derived from expenditure which has been incurred on products in the normal course of business in bringing the product to its present location and condition. It includes the cost of purchase and freight and the basis of valuation at the period end is from the first in, first out method. Net realisable value is the estimated selling price of a product less the costs to be incurred to complete the sale and provision is also made for slow moving and obsolete items.

1.6. Pensions

The pension costs charged in the financial statements represent the contribution payable by the company during the year.
