STRATEGIC REPORT

FOR THE YEAR ENDED 31 DECEMBER 2015

The directors present the strategic report and financial statements for the year ended 31 December 2015.

Principal activities and business review

The principal activity of the Company is the holding of an investment in Services Support (SEL) Limited, a special purpose company.

Services Support (SEL) Limited continued operating during the year.

There have not been any significant changes in the Company's principal activities in the year under review.

Principal risks and uncertainties

The Group's activities expose it to a number of financial risks including liquidity risk, interest rate risk and credit risk. These risks are further explained in the Directors' Report.

Future developments

The directors are not aware, at the date of this report, of any major changes in the Group's activities in the next year.

Key performance indicators

The key performance indicator for the Group is the level of performance and unavailability deductions levied by the client, since this reflects the quality of the service being provided. During the period, the Group suffered nominal deductions.

On behalf of the board

E G Wegener
Director
13 May 2016

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

DIRECTORS' REPORT

FOR THE YEAR ENDED 31 DECEMBER 2015

The directors present their annual report and financial statements for the year ended 31 December 2015.

Principal activities

The principal activity of the Group is to design, build, finance and operate three sector police stations and a divisional headquarters in South East London in accordance with an agreement with the Mayor's Office for Policing and Crime.

Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

J Heath
E G Wegener
R J Newton
D R Bradbury

Results and dividends

The results for the year are set out on page 6.

Ordinary dividends were paid amounting to £1,899,170 (2014 - £827,000). The directors do not recommend a final dividend.

Directors' insurance

The Group has made qualifying third party indemnity provisions for the benefit of its directors during the year. These provisions remain in force at the reporting date.

Financial instruments

Liquidity risk

The Group manages its cash and borrowing requirements in order to maximise interest income and minimise interest expense, whilst ensuring the Group has sufficient liquid resources to meet the operating needs of the business. At the start of the PFI contract, the Group negotiated debt facilities with an external party to ensure that the Group has sufficient funds over the life of the PFI concession.

Interest rate risk

The Group's borrowings expose it to cash flow risk primarily due to the financial risks of changes in interest rates. The Group uses interest rate derivatives to manage the risk and reduce its exposure to changes in interest rates.

Credit risk

The Group's principal financial assets are cash, financial assets and trade and other receivables. The Group's credit risk is primarily attributable to its trade receivables which are with one counterparty, although in the opinion of the board of directors this risk is limited as the receivables are with a local government authority.

Auditor

The auditor, KPMG LLP, are deemed to be reappointed under section 487(2) of the Companies Act 2006.

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

DIRECTORS' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2015

Statement of disclosure to auditor

Each of the directors in office at the date of approval of this annual report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all the steps that he / she ought to have taken as a director in order to make himself / herself aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of Section 418 of the Companies Act 2006.

On behalf of the board

E G Wegener

Director

13 May 2016

DIRECTORS' RESPONSIBILITIES STATEMENT

FOR THE YEAR ENDED 31 DECEMBER 2015

The directors are responsible for preparing the Strategic Report and the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the Group and Parent Company financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and Parent Company and of their profit or loss for that period. In preparing each of the Group and Parent Company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SERVICES SUPPORT (SEL) HOLDINGS LIMITED

We have audited the financial statements of Services Support (SEL) Holdings Limited for the year ended 31 December 2015 set out on pages 6 to 28. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and of the Parent Company's affairs as at 31 December 2015 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the Parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2015

1 Accounting policies

Company information

Services Support (SEL) Holdings Limited ("the Company") is a limited company domiciled and incorporated in England and Wales. The registered office is 1 Kingsway, London, United Kingdom, WC2B 6AN.

1.1 Accounting convention

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £'000.

The financial statements have been prepared on the historical cost convention, modified to include certain financial instruments at fair value, and in accordance with FRS 102. The principal accounting policies adopted are set out below.

These financial statements for the year ended 31 December 2015 are the first financial statements of Services Support (SEL) Holdings Limited prepared in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland. The date of transition to FRS 102 was 1 January 2014. An explanation of how transition to FRS 102 has affected the reported financial position and financial performance is given in note 24.

As permitted by s408 Companies Act 2006, the Company has not presented its own profit and loss account and related notes. The Company's profit for the year was £1,899,170 (2014 - £827,252).

1.2 Basis of consolidation

The Group financial statements consolidate the financial statements of the Company and its subsidiary undertaking drawn up to 31 December each year.

1.3 Going concern

The Company exists to hold investments in its subsidiary that provides services under certain private finance agreements. The subsidiary is set up as a Special Purpose Company under non-recourse arrangements and therefore the Company has limited its exposure to the liabilities. In the event of default of the subsidiary, the exposure is limited to the extent of the investment it has made.

The Group is in a net liabilities position as at 31 December 2015 due to the fair value of the interest rate swaps. The directors have reviewed the Group's forecasts and projections, taking into account future cash requirements and forecast receipts, which show that the Group can continue to meet its debts as they fall due.

The directors therefore, at the time of approving the financial statements, have a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2015

1 Accounting policies

(Continued)

1.4 Turnover

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales related taxes.

Income received in respect of the service concession is allocated between revenue and capital repayment of, and interest income on, the PFI financial asset using the effective interest rate method. Service revenue is recognised as a margin on non-pass-through operating and maintenance costs.

Pass through income represents the direct pass through of recoverable costs, as specified in the Project Agreement.

Variation income relates to the recharge of costs incurred for the alteration of the facilities or the services provided, requested by the Authority.

1.5 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.6 Financial instruments

The Group has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the Group's statement of financial position when the Group becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include trade and other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Loans and receivables

Trade debtors, loans and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as 'loans and receivables'. Loans and receivables are measured at amortised cost using the effective interest method, less any impairment.

Interest is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial. The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument to the net carrying amount on initial recognition.

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2015

1 Accounting policies

(Continued)

Service Concession

The Group has been established to provide services under certain private finance agreements with The Metropolitan Police Authority (the Authority). Under the terms of these Agreements, the Authority (as grantor) controls the services to be provided by the Group over the contract term. Based on the contractual arrangements the Group has classified the project as a service concession arrangement in accordance with FRS 102, Section 34.12 Service Concession Arrangements.

The Group has chosen to adopt the transitional arrangements available within FRS 102, Section 35.10 (i) and as such the service concession arrangement has continued to be accounted for using the same accounting policies being applied at the date of transition to FRS 102 (1 January 2014). The nature of the asset has therefore not changed; however, there has been a change in the description from Finance Debtor to Financial Asset.

Under the terms of the arrangement, the Group has the right to receive a baseline contractual payment stream for the provision of the services from or at the direction of the grantor (the Authority), and as such the asset is accounted for as a financial asset.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. The impairment loss is recognised in profit or loss.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the group after deducting all of its liabilities.

Basic financial liabilities, including trade and other payables, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Other financial liabilities

Derivatives, including interest rate swaps and forward foreign exchange contracts, are not basic financial instruments. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Changes in the fair value of derivatives are recognised in profit or loss in finance costs or finance income as appropriate, unless they are included in a hedging arrangement.

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2015

1 Accounting policies

(Continued)

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the obligation specified in the contract is discharged, cancelled, or expires.

1.7 Equity instruments

Equity instruments issued by the Group are recorded at the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the Group.

1.8 Derivatives

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to fair value at each reporting end date. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

A derivative with a positive fair value is recognised as a financial asset, whereas a derivative with a negative fair value is recognised as a financial liability.

The Group does not hold or issue derivative financial instruments for speculative purposes.

Hedge accounting

The Group designates certain hedging instruments, including derivatives, embedded derivatives and non-derivatives, as either fair value hedges or cash flow hedges.

At the inception of the hedge relationship, the Group documents the relationship between the hedging instrument and the hedged item along with risk management objectives and strategy for undertaking various hedge transactions. At the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is effective in offsetting changes in fair values or cash flows of the hedged item.

Cash flow hedges

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income.

The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, and is included in the 'other gains and losses' line in this item.

Amounts previously recognised in other comprehensive income and accumulated in equity are reclassified to profit or loss in the periods when the hedged item is recognised in the profit or loss in the same line as of the income statement as the recognised hedged item. However when the forecast transaction that is hedged results in the recognition of a non-financial asset or liability, the gains and losses previously accumulated in equity are transferred from equity and included in the initial measurement of the cost of the asset or liability concerned.

1.9 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2015

1 Accounting policies

(Continued)

Deferred tax

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the substantively enacted tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset if, and only if, there is a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

1.10 Interest receivable and Interest payable

Interest payable and similar charges include interest payable on borrowings and associated ongoing financing fees.

Other interest receivable and similar income include interest receivable on funds invested and interest recognised on the finance debtor based upon the finance debtor accounting policy above.

2 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Critical judgements

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

Hedge accounting

The directors consider the Group to have met the criteria for hedge accounting and the Group has therefore recognised fair value movements on derivatives in effective hedging relationships through other comprehensive income as well as the deferred tax thereon.

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2015

2 Critical accounting judgements and key sources of estimation uncertainty

(Continued)

Key sources of estimation uncertainty

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are as follows.

Valuation of derivative financial instruments

The directors use their judgement in selecting a suitable valuation technique for derivative financial instruments. All derivative financial instruments are valued at the mark to market valuation provided by the derivative counterparty. In these cases, the Group uses valuation techniques to assess the reasonableness of the valuation provided by the derivative counterparty. These techniques use a discounted cash flow analysis based on market observable inputs derived from similar instruments in similar and active markets. The fair value of derivative financial instruments at the balance sheet date was £14,208,767. The directors do not consider the impact of own credit risk to be material.

Service concession arrangement

As disclosed in Note 1, the Group accounts for the project as a service concession arrangement. The directors use their judgement in selecting the appropriate financial asset rate to be applied in order to allocate the income received between revenue, and capital repayment of and interest income on the financial asset; and also the service margin that is used to recognise service revenue. The directors have also used their judgement in assessing the appropriateness of the future maintenance costs that are included in the Group's forecasts. The directors will continue to monitor the condition of the assets and undertake a regular review of maintenance spend.

3 Turnover and other revenue

An analysis of the Group's turnover is as follows:

	2015 £'000	2014 £'000
Turnover		
Service fee income	8,960	10,449
Variation and passthrough income	330	6
	<u>9,290</u>	<u>10,455</u>

Turnover analysed by geographical market

	2015 £'000	2014 £'000
United Kingdom	<u>9,290</u>	<u>10,455</u>

4 Auditors' remuneration

	2015 £'000	2014 £'000
Fees payable to the Company's auditor and its associates:		
For audit services		
Fees payable to the Company's auditor for the audit of Services Support (SEL) Limited's annual accounts	13	10
Fees payable to the Company's auditor for the audit of the Company's annual accounts	1	1
	<u>14</u>	<u>11</u>

5 Employees

The Group had no employees during the current or prior year.

6 Directors' remuneration

£128,000 was paid for director's services (not paid to directors' individually) to the group during the year (2014 - £127,000).

7 Interest receivable and similar income

	2015 £'000	2014 £'000
Interest income		
Interest on bank deposits	28	17
Other interest income	5,798	5,979
Total income	<u>5,826</u>	<u>5,996</u>

Investment income includes the following:

Interest on financial assets not measured at fair value through profit or loss	<u>28</u>	<u>17</u>
--	-----------	-----------

8 Interest payable and similar charges

	2015 £'000	2014 £'000
Interest on financial liabilities measured at amortised cost:		
Interest on bank overdrafts and loans	4,067	4,262
Interest payable to group undertakings	761	756
Total interest expense	<u>4,828</u>	<u>5,018</u>

SERVICES SUPPORT (SEL) HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2015

9 Taxation

	2015 £'000	2014 £'000
Current tax		
UK corporation tax on profits for the current period	244	84
Total current tax	<u>244</u>	<u>84</u>
Origination and reversal of timing differences	507	623
Changes in tax rates	(626)	(43)
Total deferred tax	<u>(119)</u>	<u>580</u>
Total tax charge	<u><u>125</u></u>	<u><u>664</u></u>

For the year ended 31 December 2015, the blended UK rate of 20.25% is applied due to the change in the UK corporation tax rate from 21% to 20% with effect from 1 April 2015.

In the Summer Finance Bill 2015, which was substantively enacted on 26 October 2015, it was announced that the main rate of corporation tax for UK companies would reduce to 19% from 1 April 2017, and then reduce further to 18% from 1 April 2020. The reduced rate of 18% has therefore been reflected in the calculation of deferred tax at the balance sheet date.

An additional reduction to 17% (effective from 1 April 2020) was announced in the Budget on 16 March 2016. This will reduce the group's future current tax charge accordingly and reduce the deferred tax liability at 31 December 2015 by £309,944

The difference between the total tax shown above and the amount calculated by applying the standard rate of UK corporation tax to the profit before tax is as follows:

	2015 £'000	2014 £'000
Profit before taxation	<u>2,182</u>	<u>2,240</u>
Expected tax charge based on a corporation tax rate of 20.25%	442	482
Tax effect of expenses that are not deductible in determining taxable profit	309	225
Effect of change in corporation tax rate	(626)	(43)
Tax expense for the year	<u><u>125</u></u>	<u><u>664</u></u>

11 Financial instruments

(Continued)

Bank loans

The Group has a £101 million facility provided by a syndicate of banks in order to finance the construction of the project. The loan is repayable in instalments based on an agreed percentage amount of the total facility per annum until the final repayment date on 30 June 2027. Interest on the facilities is charged at rates linked to LIBOR plus a margin of 0.95% and a Mandatory Cost Rate of 0.003%. The Group has entered into a fixed rate swap to mitigate its interest rate exposure. The fixed interest rate on the facility during the operational phase is 6.455%.

Subordinated debt

Amounts owed to parent undertaking comprises of loans of £6,295,911 (2014: £6,295,911). The loans are subject to interest rates at an agreed arms length rate of 12% per annum and are repayable by 2027 in line with agreed repayment schedules.

Derivative Financial Instruments

The swaps have a fixed interest rate of 5.5025% and expire on 30 June 2029. The interest rate swaps settle on a semi-annual basis. The floating rate on the interest rate swaps is six months' Libor. The Group will settle the difference between the fixed and floating interest rate on a net basis.

All interest rate swap contracts are designated as hedges of variable interest rate risk of the Group's floating rate borrowings. The hedged cash flows are expected to occur and to affect profit or loss over the period to maturity of the interest rate swaps.

The fair value of the derivative financial instrument above comprise the fair value of the interest rate swap designed in the effective hedging relationship. The reduction in fair value of the interest rate swap that was recognised in other comprehensive income in the period was £2,620,484 (2014 an increase of £4,122,182).

The following table indicates the periods in which the cash flows associated with the interest rate swap are expected to occur.

	2015			
	Within 1 year £'000	Between 1 - 2 years £'000	Between 2 - 5 years £'000	5 years and over £'000
Interest rate swap	2,716	2,795	12,462	40,727
	2014

Notes to reconciliations on adoption of FRS 102

This is the first year that the Group has presented its financial statements under FRS 102. The last financial statements under previous UK GAAP were for the year ended 31 December 2014 and therefore the prior year comparatives in these financial statements have been restated from the date of transition to FRS 102 on 1 January 2014. As a consequence of adopting FRS 102, a number of accounting policies have changed to comply with that standard, the most notable being the adoption of FRS 102 section 11 (Basic Financial Instruments) and section 12 (Other financial instruments) which has resulted in the recognition and additional disclosures of derivative financial instruments held by the Group as well as the deferred tax impact. Listed below are the notes to the reconciliation of equity at 1 January 2014 and 31 December 2014.

Note 22.1 - Fair value of interest rate swap

Under previous UK GAAP the fair value of the interest rate and RPI swaps were disclosed in the notes to the financial statements. Under FRS 102 the Group is required to recognise the fair value of derivative financial instruments on the balance sheet. In the table above recognition of the fair value of the swaps reflect a liability on the balance sheet at 1 January 2014 and 31 December 2014. The Group has met the criteria for hedge accounting and therefore the fair value movement in 2014 on the interest rate and RPI swaps, which are in an effective hedging relationship, is recognised through the hedging reserve.

Note 22.2 - Deferred taxation on interest rate swap

Under previous UK GAAP there was no requirement to recognise or disclose deferred tax relating to financial instruments. As stated in Note 1 the fair value of financial instruments were just disclosed in a note to the financial statements. Under FRS 102, the Company is required to recognise deferred tax on all fair value movements. Consequently, a deferred tax asset arises on recognition of the fair value of the interest rate swap on 1 January 2014 and at 31 December 2014. The deferred tax on the fair value movement in 2014 is recognised through the hedging reserve.

Note 22.3 - Deferred taxation

Under previous UK GAAP the life time effective tax rate method was used to calculate the deferred tax recognised for timing differences. Under FRS 102 the Company is required to recognise deferred tax at the tax rates that are expected to apply in the period when the liability is settled or the liability is realised. This has resulted in a deferred tax asset being recognised as at 31 December 2014. The deferred tax liability under previous UK GAAP at 31 December 2014 was £6,582,000 (31 December 2013 £5,986,000) and has been transitioned to £5,697,483 (31 December 2013 - £5,117,756).
