NOTES TO THE ABBREVIATED ACCOUNTS **FOR THE YEAR ENDED 31 MARCH 2012**

1 ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover represents the net invoiced value of goods together with work in progress at sale value

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Plant and machinery	- 25% on reducing balance
Motor vehicles	- 25% on reducing balance
Computer equipment	- 33% on cost

Freehold and Leasehold Land and Buildings

In accordance with the Statement of Accounting Practice number 19, no depreciation has been provided on freehold and leasehold buildings held as investments, instead these have been included in the balance sheet at open market value. This represents a departure from the requirement of the Companies Act 2006 to provide depreciation on any fixed asset which has a limited useful economic life. The director is of the opinion that this departure is necessary to meet the Act's over-riding requirement that the accounts show a true and fair view of the state of affairs of the company. Depreciation is only one of the factors reflected in the annual valuation, and the amount which might otherwise have been shown cannot be separately identified or quantified.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date

Other Operating Income

The amounts shown for other operating income represent rental income, excluding VAT, generated in the normal course of business during the year
