Notes to the Abbreviated Accounts for the period ended 31 July 2015**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents the total rents receivable during the year.

Tangible assets depreciation policy

Leasehold properties - Straight line over the life of the lease.

Fixtures, fittings and equipment - 20% reducing balance.

Other accounting policies

Investment properties:

Investment properties are revalued annually at their open market value in accordance with FRSSE (effective April 2008). The surplus or deficit on revaluation is transferred to a revaluation reserve except where the deficit reduces the property below its historical cost, in which case it is taken to the profit and loss account. No depreciation is provided on investment properties which is a departure from the requirements of the Companies Act 2006. In the opinion of the directors these properties are held primarily for their investment potential and so their current value is of more significance than any measure of consumption and to depreciate them would not give a true and fair view. The provisions of the FRSSE (effective April 2008) in respect of investment properties have therefore been adopted in order to give a fair view.

If this departure from the Act had not been made, the profit for the financial year would have been increased by depreciation. However, the amount of depreciation cannot be reasonably quantified, because depreciation is only one of many factors reflected in the annual valuation and the amount which might be otherwise have been shown cannot be separately identified or quantified.

Prior year adjustments:

£5,475 was the mortgage arrangement fee which was omitted in the financial accounts for year end 31st July 2014.
