NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2014

1. ACCOUNTING POLICIES

Accounting convention
The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover
Turnover represents net rents receivable, excluding value added tax.

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold improvements	- 5% on cost
Equipment	- 15% on reducing balance

Investment property
Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

Depreciation is not provided on investment properties. Although the Companies Act would normally require the systematic annual depreciation of fixed assets, the investment properties are not held for consumption but for investment. The director believes that systematic annual depreciation would be inappropriate, therefore the accounting policy adopted is necessary for the accounts to give a true and fair view.

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
