Notes to the Abbreviated Accounts
for the Year Ended 31 July 2013

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents revenue recognised in the accounts when the company fulfils its contractual obligations to customers by supplying goods and services and excludes value added tax.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 2007, is being amortised evenly over its estimated useful life of ten years.

Tangible fixed assets

Depreciation is provided at the following rates in order to write off each asset over its estimated useful life, or if held under a finance lease, over the lease term, whichever is shorter.

Improvements to property	- 10% reducing balance
Plant and equipment	- 15% reducing balance (for most items)
	- 33% on cost (for transit boxes)
	- 20% reducing balance (for others)
	- 10% reducing balance (for jig and tooling items)
Office equipment	- 25% reducing balance
Motor vehicles	- 25% reducing balance
Computer equipment	- 50% on cost

Stocks

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Finished goods are valued at between 75% and 90% of selling price.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet and depreciated over their estimated useful lives.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element is treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
