CSC LAKESIDE LIMITED

PRINCIPAL ACCOUNTING POLICIES

The principal accounting policies which have been adopted in the preparation of the financial statements are set out below:

Basis of accounting

The financial statements are prepared in accordance with applicable accounting standards in the United Kingdom and under the historical cost convention as modified by the revaluation of properties as described below.

Completed investment properties

Completed investment properties are professionally valued on a market value basis by external valuers at the balance sheet date. Surpluses and deficits arising during the year are reflected in the revaluation reserve.

Investment properties under development

Investment properties under development are included in the balance sheet at cost. Provision is made where necessary for any anticipated valuation deficiencies arising on completion. Cost includes interest and other attributable outgoings. On completion investment properties under development are transferred to completed investment properties.

Depreciation

In accordance with Statement of Standard Accounting Practice 19 no depreciation is provided in respect of freehold or long leasehold investment properties including integral plant (long leasehold investment properties for this purpose comprise leases with more than 20 years unexpired). The requirement of the Companies Act 1985 is to depreciate all properties but that requirement conflicts with the generally accepted accounting principles set out in Statement of Standard Accounting Practice 19. The directors consider that, as these properties are held for investment, to depreciate them would not give a true and fair view and it is necessary to adopt Statement of Standard Accounting Practice 19 for the accounts to show a true and fair view. The financial effect of the departure from the Act cannot reasonably be quantified as depreciation is only one of the many factors reflected in the annual valuation of properties so the amount which might otherwise have been charged cannot be separately identified or quantified.

Turnover

Turnover consists of gross rental income calculated on an accruals basis, together with sales and services in the ordinary course of business, excluding sales of investment properties. In accordance with UITF 28, rental income receivable in the period from lease commencement to the earlier of the first market rent review and the lease end date is spread evenly over that period. Any incentive for lessees to enter into a lease agreement is spread over the same period.

CSC LAKESIDE LIMITED

PRINCIPAL ACCOUNTING POLICIES

Taxation

Corporation tax is provided at the current rate on taxable profits. Taxation payable upon realisation of revaluation gains recognised in prior periods is recorded as a movement in reserves and reported in the statement of total recognised gains and losses. Deferred taxation is provided in full on timing differences other than valuation surpluses on investments held for the long term where disposal is not contemplated in the foreseeable future. Deferred taxation is provided on the difference between the tax written down value and book value of all assets and on chargeable capital gains on those investments and investment properties earmarked for sale at the date of the accounts. This liability is not discounted. The potential amount of taxation which would be payable if all valuation surpluses on investments held for the long term were to be realised is disclosed in note 4 to the accounts.

Debt instruments

Debt instruments are stated at their net issue proceeds adjusted for amortisation of issue costs.

Cash flow statement

The company is not required to produce a statement of cash flows under Financial Reporting Standard 1 (Revised 1996) as it is a wholly owned subsidiary of Liberty International PLC and the cash flows of the company are included in the consolidated financial statements of the ultimate parent company, which are publicly available.

Related party transactions

The company is ultimately wholly owned by Liberty International PLC, whose consolidated financial statements are publicly available, and therefore the company is exempt under the terms of Financial Reporting Standard 8 from disclosing details of transactions with related parties who are members or investees of the Liberty International PLC group.

CSC LAKESIDE LIMITED

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2005

1. Turnover and net property investment income

Turnover arose in the United Kingdom from continuing operations and in the opinion of the directors the company carries on only one class of business.

	2005 £m	2004 £m
Rents receivable	50.8	50.3
Service charge and other income	8.6	7.5
Turnover	<u>59.4</u>	<u>57.8</u>
Outgoings	<u>(10.6)</u>	<u>(9.6)</u>
Net property investment income	<u>48.8</u>	<u>48.2</u>

The directors believe that the nature of the company's business is such that the analysis of costs required by the Companies Act 1985 is not appropriate. As required by the Act the directors have therefore adopted the above format so that costs are disclosed in a manner appropriate to the company's principal activity.

2. Net interest

	2005 £m	2004 £m
Interest payable		
Bank loan	30.3	26.4
Amounts due to group undertakings	26.8	29.8
Miscellaneous financing costs	4.5	9.2
	<u>61.6</u>	<u>65.4</u>
Interest receivable		
Other	<u>(0.1)</u>	<u>(0.2)</u>
Net interest	<u>61.5</u>	<u>65.2</u>

3. Loss on ordinary activities before taxation

The loss on ordinary activities before taxation of £14.8 million (2004 loss £19.0 million) is arrived at after charging:

	2005 £	2004 £
Auditors' remuneration – audit services	15,000	15,000
Directors' remuneration	nil	nil

There were no employees during the year (2004 nil).

CSC LAKESIDE LIMITED

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2005

4. Taxation

(a) Taxation charge for the financial year

The differences between the taxation charged for the year and the current standard rate of United Kingdom corporation tax (30%) are shown below:

	2005 £	2004 £
Loss on ordinary activities before taxation	<u>(14.8)</u>	<u>(19.0)</u>
Current United Kingdom corporation tax at 30% (2004 30%)	(4.4)	(5.7)
Effects of:		
Capital allowances	(0.9)	(1.2)
Transfer pricing adjustment	3.4	4.0
Group relief	<u>1.9</u>	<u>1.9</u>
Total current taxation	-	(1.0)
Deferred taxation	<u>1.0</u>	<u>1.5</u>
Taxation on loss on ordinary activities	<u>1.0</u>	<u>0.5</u>

(b) Contingent taxation

If deferred taxation were to be provided in respect of all valuation surpluses a provision of £154.4 million (2004 £133.1 million) would be required, assuming investment properties were disposed of at 31 December 2005 at their carrying value. The amount is undiscounted and takes no account of the long term deferral of the liability until eventual disposal, or the benefit from future inflation linked indexation allowances.

CSC LAKESIDE LIMITED

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2005

5. Investment properties

Completed properties at independent valuation	Freehold £
At 31 December 2004	1,075.2
Additions	4.9
Surplus on valuation	<u>85.2</u>
At 31 December 2005	<u>1,165.3</u>

The company's interests in completed investment properties were valued as at 31 December 2005 by external valuers, DTZ Debenham Tie Leung Limited, in accordance with the Appraisal and Valuation Manual of RICS on the basis of market value. Market value represents the figure that would appear in a hypothetical contract of sale between a willing buyer and a willing seller.

The historic cost of completed investment properties was £940.8 million (2004 £935.9 million). In accordance with the company's accounting policy and Statement of Standard Accounting Practice 19, no depreciation has been charged in respect of the freehold or long leasehold investment properties. The effect of this departure from the Companies Act 1985 has not been quantified because it is impracticable and, in the opinion of the directors, would be misleading.

Completed properties represent Lakeside Shopping Centre, Thurrock.
