Profit and loss account		154,257	130,534
SHAREHOLDERS' FUNDS		<u>154,357</u>	<u>130,634</u>

The director is satisfied that the company is entitled to exemption from the provisions of the Companies Act 2006 (the Act) relating to the audit of the financial statements for the year by virtue of section 477, and that no member or members have requested an audit pursuant to section 476 of the Act

The director acknowledges his responsibility for

- (i) ensuring that the company keeps adequate accounting records which comply with section 386 of the Act, and
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 393, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006

These abbreviated accounts were approved and signed by the director and authorised for issue on

24.11.11

MR P SULLIVAN

Company Registration Number 4213974

The notes on pages 2 to 3 form part of these abbreviated accounts.

RUNNING YIELD LTD
NOTES TO THE ABBREVIATED ACCOUNTS
YEAR ENDED 31 MAY 2011

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion

Fixed assets

All fixed assets are initially recorded at cost

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

Furniture - 25% straight line method

Investment properties

In accordance with statement of Standard Accounting Practice No 19, certain of the company's properties are held for long-term investment and are included in the Balance Sheet at their open market values. The surplus or deficit on annual revaluation of such properties are transferred to the investment property revaluation reserve. Depreciation is not provided in respect of freehold properties. Leasehold investment properties are not amortised where the unexpired term is over 20 years

This policy represents a departure from statutory accounting principles, which require depreciation to be provided on all fixed assets. The directors consider that this policy is necessary in order that the accounts may give a true and fair view because current values are of prime importance rather than calculation of systematic annual depreciation. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities
