			=====	=====

For the financial year ended 30th June 2013 the company was entitled to exemption from audit under s 477 Companies Act 2006 and no notice has been deposited under s 476.

The directors acknowledge their responsibilities for:

- 1) ensuring that the company keeps accounting records which comply with the requirements of the Companies Act 2006 and,
- 11) preparing accounts which show a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year which comply with the requirements of the Companies Act 2006 relating to accounts, so far as applicable to the company.

The abbreviated accounts have been prepared in accordance with the special provisions within part 15 of the Companies Act 2006 relating to small companies

These accounts were approved by the Board of Directors on 27th March 2014 and signed on their behalf by

Director

P A Elkin

EXCEL STAIRS LIMITED
NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 30th JUNE 2013

1) **Accounting Policies**

The following accounting policies have been consistently applied in dealing with items which are considered material in relation to the company's financial statements.

a) **Basis of Accounting**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

These financial statements have been prepared on a going concern basis which assumes that the company will continue to trade. The validity of this assumption is dependent upon the continued support of the company's directors and creditors. If the company were unable to continue to trade, adjustments would have to be made to reduce the value of assets to their recoverable amount, to provide for any further liabilities that might arise and to reclassify fixed assets as current assets.

b) **Depreciation**

Depreciation has been calculated so as to write off the cost of tangible fixed assets over their estimated useful lives, as follows

Motor Vehicles	25% on net book value
Plant & Machinery	25% on net book value
Software	35% on net book value
Office Equipment	20% - 35% on net book value

c) **Stocks and Work In Progress**

These are valued at the lower of cost and net realisable value, where cost is the acquisition value and net realisable value is taken as being the estimated future selling price less any anticipated costs and disposal expenses

d) **Hire Purchase Commitments**

Hire Purchase contracts are accounted for as being both an asset and an obligation to pay future repayments with the interest element being charged to the profit and loss account on a straight line basis over the term of the contract.
