NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2007

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005)

1.2 Turnover

Turnover represents rent receivable

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are investment properties valued by the directors on an existing use open market value basis

Investment properties 0%

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2005), it is a departure from the general requirement of the Companies Act 1985 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified
