Stour Sudbury Limited

Directors' report for the year ended 31 March 2011

The directors present their report and the financial statements for the year ended 31 March 2011

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently
- make judgments and estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

PRINCIPAL ACTIVITIES

The principal activity of the company in the year under review was that of the provision of care home services, and the directors expect this to continue for the foreseeable future.

BUSINESS REVIEW

The results for the year and financial position of the company are as shown in the annexed financial statements.

The directors who served during the year were

PRINCIPAL RISKS AND UNCERTAINTIES

Financial risk management objectives and policies.

The company's activities expose it to a number of financial risks including credit risk, cash flow risk and liquidity risk. The use of financial derivatives is governed by the company's policies approved by the board of directors, which provide written principles on the use of financial derivatives to manage these risks. The company does not use derivative financial instruments for speculative purposes.

Cash flow risk

The company's activities expose it primarily to the financial risks of changes in interest rates.

Where possible, interest bearing assets and liabilities are held at fixed rates in order to ensure certainty of cash flows.

Credit risk

The company's principal financial assets are bank balances and cash, intercompany debtors and trade debtors.

The company's credit risk is primarily attributable to its trade debtors. The amounts presented in the balance sheet are net of allowances for doubtful debts. An allowance for impairment is made where there is an identified loss event which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows.

The credit risk on liquid funds is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The company has no significant concentration of credit risk, with exposure spread over a large number of counterparties and customers.

Liquidity risk

In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the company primarily relies on intercompany financing. Such financing is provided as required.

GOING CONCERN

The company is reliant on the parent company for financial support. The parent company has committed to provide such financial support to the company for the foreseeable future being a period of not less than 12 months from the signing of these accounts. Accordingly, the directors continue to adopt the going concern basis of preparation.

PROVISION OF INFORMATION TO AUDITOR

Each of the persons who are directors at the time when this directors' report is approved has confirmed that

- so far as that director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any information needed by the company's auditor in connection with preparing its report and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of S418 of the Companies Act 2006.

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

1. ACCOUNTING POLICIES

1.1 Basis of accounting and preparation of the financial statements

The principal accounting policies are summarised below. They have all been applied consistently throughout the year and the preceding year.

The financial statements have been prepared under the historical cost convention and in accordance with the special provisions applicable to companies subject to the small companies regime and the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2 Cash flow

The company, being a subsidiary undertaking where 90% or more of the voting rights are controlled within the group whose consolidated financial statements are publicly available, is exempt from the requirement to draw up a cash flow statement in accordance with FRS 1.

1.3 Turnover

Turnover represents sales and services to third party customers in the health and social care sector, stated net of any applicable value added tax. Revenue is recognised when the services are provided, with any fees invoiced in advance including within deferred income until the service is completed.

All turnover is attributable to the UK and to the Company's principal activity.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Short Term Leasehold Property	-	Over the period of the lease
Plant & machinery	-	20% per annum

1.5 Operating leases

Rentals under operating leases are charged to the profit and loss account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.

Stour Sudbury Limited

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date

1.7 Going Concern

The company is reliant on the parent company for financial support.
