Oak Tree Place Investments Limited

Notes to the abbreviated financial statements for the year ended 31 December 2012

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of rents and service charges receivable during the year

1.3. Leasehold property

In accordance with the Financial Reporting Standard for Smaller Entities, no depreciation is provided in respect of leasehold properties. This departure from the requirements of the Companies Act 1985, for all properties to be depreciated, is, in the opinion of the directors, necessary for the financial statements to give a true and fair view in accordance with applicable accounting standards, as properties are included in the financial statements at their open market value. The effect of this departure is that the amount shown on the balance sheet differs from what it would otherwise have been by an amount equal to the revaluation increase (less decrease), less any depreciation that would have been charged. The revenue profits are higher by an amount equivalent to the depreciation that would have been charged. The directors consider that the effect cannot reasonably be quantified.
