London & Regional Group Finance Limited
Director's report for the year ended 30 September 2011

The director presents his report and the audited financial statements for the year ended 30 September 2011

Principal activities

The company acts as a holding company and as a treasury company for group undertakings. During the year the company has suffered a £15m impairment in the value of certain loss-making subsidiaries. After taking into account the impact of this charge, the director considers the financial position at 30 September 2011 to be satisfactory.

Principal risks and uncertainties

The key business risks and uncertainties affecting the company are considered to relate to the fact that the company operates within a highly fluctuating market place, which can result in large movements in foreign exchange and investment valuations. Further discussion of the risks and uncertainties, in the context of the group as a whole, are discussed in the company's ultimate parent's group annual report which does not form part of this report.

Key performance indicators

The company is managed by the director in accordance with the group strategies of its ultimate parent company, Loopsign Limited, and for this reason, the director believes that further key performance indicators for the company are not necessary or appropriate for an understanding of the development, performance or position of the business. These strategies and key performance indicators are discussed in the company's ultimate parent's group annual report which does not form part of this report.

Results and dividends

The results for the financial year are set out in the profit and loss account on page 5. The director does not recommend the payment of a dividend (2010: £nil).

Going concern

The director believes that preparing the financial statements on the going concern basis is appropriate due to the continued financial support of London & Regional Group Holdings Limited. The director has received confirmation that London & Regional Group Holdings Limited intend to support the company for at least one year after these financial statements are signed.

Director

The director of the company who served during the year and up to the date of signing the financial statements was as follows:

Mr R J Livingstone

Qualifying third party indemnity provisions

The company maintains liability insurance for its director and officer. Following shareholder approval, the Company has also provided an indemnity for its director and the company secretary, which is a qualifying indemnity provision for the purposes of the Companies Act 2006.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Respective responsibilities of directors and auditors

As explained more fully in the Statement of director's responsibilities, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or

Notes to the financial statements
for the year ended 30 September 2011

1 Accounting policies

Basis of preparation

These financial statements are prepared on the going concern basis, under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The principal accounting policies, which have been applied consistently throughout the year, are set out below.

Going Concern

The director believes that preparing the financial statements on the going concern basis is appropriate due to the continued financial support of London & Regional Group Holdings Limited. The director has received confirmation that London & Regional Group Holdings Limited intend to support the company for at least one year after these financial statements are signed.

Deferred taxation

Deferred tax is provided in respect of all timing differences that have originated, but not reversed, at the balance sheet date that give rise to an obligation to pay more or less tax in the future. Deferred tax is not recognised when fixed assets are revalued unless, by the balance sheet date, there is a binding agreement to sell the revalued assets and the gain or loss expected to arise on sale has been recognised in the financial statements.

Deferred tax is measured on a non-discounted basis. A deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Investment in subsidiary undertakings

Investments in subsidiary undertakings are recorded at cost plus incidental expenses less any provision for impairment. Impairment reviews are performed by the directors when there has been an indication of potential impairment and any impairment arising is charged to the profit and loss account for the year.

Investments held as current assets

Investments are recorded at cost plus incidental expenses less any provision for impairment. Impairment reviews are performed by the directors when there has been an indication of potential impairment and any impairment arising is charged to the profit and loss account for the year.

Foreign currencies

Monetary assets and liabilities expressed in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date or at the agreed contractual rate. Transactions in foreign currency are converted to sterling at the rate ruling at the date of the transaction. All differences on exchange are taken to the profit and loss account.

Cash flow statement

The company has taken advantage of the exemption permitted by Financial Reporting Standard 1, (revised 1996) 'Cash flow statements' from including a cash flow statement on the grounds that the company is wholly owned and its ultimate parent publishes a consolidated cash flow statement.

The tax charge was reduced by £522,192, (2010 £374,034) because of losses surrendered by fellow subsidiary undertakings. No payment for this surrender was made by the company

Factors that may affect future tax charges

Reductions to the UK corporation tax rate were announced in the March 2011 Budget. The changes, which were enacted on 19 July 2011 reduce the rate by 1% per annum to 23% by 1 April 2014. These changes have no impact on these financial statements
