Strategic Report

For the year ended 31 March 2015

The directors present the strategic report and financial statements for the year ended 31 March 2015.

Review of the business

The company's aims over the last financial year were to sustain a consistent business model paralleling last year's performance. An aggressive market place and a plateau in our core sectors has led The Monarch Partnership Limited ("Monarch") to remain competitive in its core business but also invest for future changes in the industry and target different sectors including the I&C market & SME sector.

Monarch has invested heavily in our labour force and in technological advancement together with forming strategic partners within the market place to enhance our offering going forward whilst still maintaining our strong financial performance. Monarch's strategy should see a sustainable growth pattern over the next several years.

The principal risks for the company are the possibility of depletion of energy supplies and serious shortages of supply. In such an environment, Monarch's ability to negotiate competitive prices may be challenged. This should be viewed against the potentially positive news that the production of Shale Gas will result in sufficient supplies to increase competition and this can translate to benefit to Monarch clients.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. This report is made solely to the company's members', as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members' those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members' as a body, for our audit work, for this report, or for the opinions we have formed.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2015 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and

In our opinion the information given in the Strategic Report and Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.
