The Director considers that the Company is entitled to exemption from the requirement to have an audit under the provisions of Section 249A(1) of the Companies Act 1985. Members have not required the company, under section 249B(2) of the Companies Act 1985, to obtain an audit for the period ended 31 July 2002. The Director acknowledges his responsibility for ensuring that the Company keeps accounting records which comply with Section 221 of the Companies Act 1985, and for preparing accounts which give a true and fair view of the state of affairs of the Company as at 31 July 2002 and of its Profit for the year then ended in accordance with the requirements of Section 226, and which otherwise comply with the requirements of the Act relating to the accounts so far as applicable to the Company.

The Financial Statements, which have been prepared in accordance with the Special Provisions of Part VII of the Companies Act 1985 applicable to Small Companies, were approved by the board on 8 November 2002 and signed on its behalf.

A D Harvey
Director

The notes on pages 3 to 7 form part of these Financial Statements.

ESSEX SMART REPAIRS LIMITED

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD ENDED 31 JULY 2002

1. ACCOUNTING POLICIES

1.1 Basis of Preparation of Financial Statements

The Financial Statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

1.2 Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

1.3 Tangible Fixed Assets and Depreciation

Tangible Fixed Assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the followings bases:

Plant and Machinery	10% per annum reducing balance basis
---------------------	--------------------------------------

1.4 Leasing and Hire Purchase Contracts

Assets obtained under hire purchase contracts and finance leases are capitalised as Tangible Fixed Assets. Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance Leases are those where substantially all of the benefits and risks of ownership are assumed by the Company. Obligations under such agreements are included in Creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the Profit and Loss Account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor, are charged to profit and loss account as incurred.

1.5 Stocks and Work in Progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

1.6 Deferred Taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.
