1 ACCOUNTING POLICIES

Basis of accounting

The financial statements are prepared under the historical cost convention and in accordance with applicable accounting standards

Tangible Fixed Assets and Depreciation

Depreciation is provided evenly on the cost of tangible fixed assets, to write them down to their estimated residual values over their expected useful lives. Where there is evidence of impairment, fixed assets are written down to the recoverable amount. Any such write down would be charged to operating profit unless it was a reversal of a past revaluation surplus in which case it would be taken to the statement of total recognised gains and losses.

The principal annual rates used for other assets are -

Furniture and Equipment	25%
Plant and Machinery	25%
Motor Vehicles	25%

Deferred Taxation

Deferred Taxation is provided using the liability method in respect of the taxation effect of all timing differences other than those which are expected with reasonable probability to continue in the foreseeable future.

Turnover

Turnover consists of the invoiced value (excluding VAT) for goods and services supplied in the period. All turnover is derived from the principle activities within the United Kingdom.
