NOTES TO THE ACCOUNTS

FOR THE YEAR ENDED 31st MAY, 2008

1. Principal Accounting Policies

The financial statements have been prepared in accordance with applicable Accounting Standards in the United Kingdom. A summary of the more important accounting policies, which have been applied consistently, is set out below.

a) **Accounts** have been prepared under the historical cost convention.

b) **Going Concern**

Creditors comprise an amount due to a company controlled by the director and his immediate family. That company has confirmed that it will not seek full repayment until such time as the company has available funds. Accordingly, the director believes that it is appropriate to prepare the accounts on the going concern basis.

c) **Consolidated Accounts**

Advantage has been taken of the exemption afforded to small companies not to prepare group accounts. The financial statements deal with the affairs of the parent company and do not deal with its group.

d) **Investments**

Investments held as fixed assets are stated at cost less provision for any permanent diminution in value.
