Notes to the Abbreviated Accounts for the period ended 30 June 2013

1 Accounting Policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

Tangible assets depreciation policy

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Plant and machinery - 15% reducing balance

Fixtures, fittings and equipment - 15% reducing balance

Motor vehicles - 25% reducing balance

Other accounting policies

Stock is valued at the lower of cost and net realisable value.

Going concern

As at 30th June 2013 the company's liabilities exceeded its assets by £12,299. The company is therefore heavily dependent on the continued support of its director and creditors. On the assumption that this support will continue, the accounts are being prepared on a going concern basis.
