The abbreviated accounts have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies

Approved by the Board of Directors on 13th August 2008 The directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of section 249A(1) of the Companies Act 1985 and confirmed that the members have not required the company to obtain an audit of its accounts for the year in accordance with section 249B(2) of the Companies Act 1985. The directors acknowledge their responsibilities for ensuring that the company keeps accounting records which comply with section 221 of the Companies Act 1985, and for preparing accounts which give a true and fair view of the company and of its loss for the year then ended in accordance with the requirements of section 226 of the Companies Act 1985 and which otherwise comply with the requirements of this Act relating to accounts, so far as applicable to this company

1 ACCOUNTING POLICIES

(a) *Accounting basis and standards*

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007)

(b) *Depreciation*

Depreciation on fixed assets is provided at rates estimated to write off the cost or revalued amounts, less estimated residual value, of each asset over its expected useful life as follows -

Freehold buildings	2% straight line
Office equipment	25% straight line
Fixtures and fittings	25% straight line
Goodwill	16 67% straight line

(c) *Turnover*

Turnover represents the invoiced value of services provided net of value added tax

(d) *Deferred taxation*

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.

(e) *Goodwill*

Goodwill is determined by comparing the amount paid on the acquisition of a business and the aggregate fair value of its separable net assets, and is written off over its estimated economic life.
