Notes to the Abbreviated Accounts for the period ended 31 March 2016**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective January 2015.

Turnover policy

Income is comprised of service charges collected from tenants.

Tangible assets depreciation policy

Investment property is shown at most recent valuation. Any surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

No depreciation is provided in respect of investment properties. This constitutes a departure from the statutory rules requiring fixed assets to be depreciated over their useful economic lives and is necessary to enable the financial statements to give a true and fair view. Depreciation is only one of the many factors reflected in the periodic valuation of investment properties and, as a result, the amount of depreciation which otherwise might have been shown cannot be separately identified or quantified.

Valuation information and policy

Had investment properties not been revalued, they have would be included in these financial statements at a cost of £nil.
