HOWARD CIVIL ENGINEERING LIMITED

Notes to the abbreviated accounts for the Year ended 31 March 2008

1 Accounting Policies

(a) Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention and include the results of the company's operations which are described in the Directors' Report and all of which are continuing.

The company has taken advantage of the exemption in Financial Reporting Standard No. 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

(b) Turnover

Turnover comprises the invoiced value of goods supplied by the company, net of Value Added Tax and trade discounts.

(c) Tangible fixed assets and depreciation.

Tangible fixed assets are stated at cost less accumulated depreciation.

Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Plant and equipment	15.0%	reducing balance basis
Fixtures and fittings	15.0%	reducing balance basis
Motor vehicles	25.0%	reducing balance basis

(d) Stocks and work in progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads.

(e) Deferred taxation.

Provision is made for taxation deferred as a result of material timing differences between the incidence of income and expenditure for taxation and accounts purposes, using the liability method, only to the extent that, in the opinion of the directors, there is reasonable probability that a liability or assets will crystallise in the near future.

(f) Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company in respect of the year.

(g) Foreign Currencies

Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.
