**Notes to the Abbreviated Accounts
for the Year Ended 31 March 2015**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents rents receivable in the year.

Investment property

The freehold investment property is stated at market value and any surplus or deficit arising on the revaluation of the property is transferred to a revaluation reserve. No depreciation is provided in respect of the property. This is a departure from the requirement of the Companies Act which requires all properties to be depreciated. This property is not held for consumption but for investment and the directors consider that to depreciate the property would not give a true and fair view.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
