2.2 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation.

Depreciation is provided at rates calculated to write off the cost of each asset over its expected useful life, as follows;

Office equipment	33 1/3 %	straight line basis
------------------	----------	---------------------

Expenditure of less than £1,000 per item is not capitalised but is written off in the year in which it is incurred.

Assets purchased entirely with specific grants are not capitalised but are written off in the year of purchase and the grant reflected in income.

2.3 Deferred grant reserve

Grants received for periods exceeding the Charity's year end are credited to a deferred grant reserve account and released in line with the period to which the grant relates.

2.4 Management charges

The company has changed its accounts presentation in respect of management charges. Previously non specific overhead costs such as accommodation, stationery etc. were allocated between projects on a percentage basis. The accounts now reflect agreed management charges as income and expenditure between funds.
